The Clear Change 28-Day Program featuring UltraClear RENEW provides a more comprehensive approach to metabolic detoxification than the 10-day program.

Metabolic detoxification is a natural bodily process that consists of 3 major detoxification pathways: Phase I (functionalization), Phase II (conjugation), and Phase III (antiporter activity). In this process, fat-soluble compounds must undergo transformation and become water-soluble before they can be excreted.

The 28-day program is ideal for those who present with decreased vitality, individuals who eat a diet heavy in processed food and/or lacking in beneficial phytonutrients, or those who have a sedentary or high stress lifestyle. It is also ideal for individuals who scored >50 on the Metabolic Detoxification Questionnaire.*

This convenient 28-day program includes:

UltraClear RENEW (Berry, Chai, or Vanilla)—an advanced, specialized nutritional powder mix formulated for metabolic detoxification—including support for alkalization, balanced liver detoxification capacity, and heavy metal metabolism*

- Supports Phase I and II detoxification, delivering nutrients to help enhance activities of several liver detoxification enzymes and antioxidants to help support the clearance of reactive intermediary compounds*
