

Insinase®

Selective Kinase Response Modulators for Healthy Insulin Function*

Form: Tablets

Flavor: no flavor

Size: 90 Tablets

Insinase® is a nutritional supplement with scientifically tested ingredients designed to support healthy insulin function. Developed through the ExpresSyn® Process, Insinase provides selective kinase response modulators (SKRMs) in the forms of reduced iso-alpha acids (RIAA) and *Acacia nilotica*. Kinases play an important role in healthy insulin signaling and overall insulin function.*

Ingredients	Amount Per Serving	% Daily Value
Serving Size	3 Tablets	
Servings Per Container	30	
Total Carbohydrate	<1 g	<1%*
Dietary Fiber	<1 g	3%*
