

## Ultra Glucose Control®

### Support for the Nutritional Management of Glucose Response

**Form:** Powder

**Flavor:**

**Size:**

**Ultra Glucose Control®** is formulated for the nutritional management of glucose response. It is designed for individuals who may need additional support in controlling their blood sugar levels and delivers a ratio-balanced combination of carbohydrates, protein, and fat, which may benefit the glucose response. Formulated with MetaRelease®—a proprietary blend of slow-release, carbohydrates known as UCAN SuperStarch® and oat hull fiber as well as plant proteins and branched-chain amino acids, Ultra Glucose Control supports a balanced glucose response and sustained energy release.

#### Ultra Glucose Control:

- Supports a healthy insulin response, helping to manage glucose levels.
- Provides satiation.

#### Each serving contains:

- A total of 15 g protein per serving—13 g of pea/rice protein blend and 2 g of added amino acids.
- >20 essential vitamins and minerals.
- Quality monounsaturated fats from high-oleic sunflower oil.
