

UltraClear Plus®

Advanced Nutritional Support for Metabolic Detoxification*

Form: Powder

Flavor: Vanilla

Size: 1

UltraClear Plus® is formulated to provide enhanced, specialized support for balanced metabolic detoxification, including macro- and micronutrients to address liver function. This formula features glycine and L-cysteine to help support Phase II liver detoxification. Green tea catechins and beta-carotene provide protection against potentially harmful compounds generated during the natural liver detoxification process. Provided in a base of 13 g OptiProtein® (10 g of intact rice protein plus 3 g of added amino acids)—which may benefit liver function during metabolic detoxification—this formula provides well-rounded nutritional support.*
