

Product No. RN135

Artemisinin SOD™

Immune-Antioxidant-Inflammation Therapy

Supplement Facts

Serving Size: 2 Capsules
Servings Per Container: 60

Amount Per Serving	%Daily Value**	
Artemisinin	250 mg	†
Pro SOD Complex™	550 mg	†
CurcuWIN™ turmeric extract, Quercetin, Decaffeinated Green Tea 95% extract, Black Walnut Hull		

** Percent Daily Values are based on a 2,000 calorie diet.

† Daily Value not established.

OTHER INGREDIENTS: Dicalcium phosphate, vegetarian cellulose (capsule shell), rice flour, silica.

FREE OF: artificial flavors & preservatives, sugar, starch, milk, lactose, casein, corn, gluten, wheat, yeast, fish, sodium.

Features & Benefits

Artemisinin SOD™ combines pure artemisinin for immune support, green tea extract to promote healthy levels of SOD (superoxide dismutase), curcumin and quercetin for their healthy impact on inflammation and resulting inhibitory affect on NF kappa B, and black walnut hull to arm the body's anti-parasitic arsenal. CurcuWIN™ combines curcumin with a hydrophilic (allowing it to disperse in water) carrier, using the UltraSOL™ molecular dispersion technology. UltraSOL converts lipophilic (fat loving or fat absorbing) nutrients into water-dispersible ingredients, the key to the published clinical research showing superior bioavailability versus any other form of curcumin.

Suggested Use

As a dietary supplement, take 1 or 2 capsules one or two times daily, away from food and iron or as directed by a health care practitioner.

Cautions

Not indicated for pregnant or nursing women. Long term administration (greater than one month) should be monitored by health care practitioner and include liver enzymes and hemoglobin testing. Detoxification reactions may be experienced by some individuals.

Each Capsule Includes:

Features	Constituents/Actions	Benefits*
Artemisinin	98.5% pure Artemisia anua (sweet wormwood)	<ul style="list-style-type: none"> Purest form of artemisinin for greatest efficacy Promotes healthy levels of Nuclear Factor-kappa B (NF-k Beta)
